Would you believe that the most densely populated state in the union is also known as the "Garden State?" Well believe it! From its humble beginnings as a Dutch-turned-English member of the original thirteen colonies, to its explosion as a major pop music powerhouse in the 1970s & 80s, New Jersey has had much to offer the world!

During the American Civil War, New Jersey contributed a whopping 88,000 Union soldiers to the abolitionist cause, as well as participating in the Underground Railroad. The 1920s saw much more prosperity for the Garden State as population rates soared! This influx of people caused all sorts of development in bridges, tunnels, infrastructure and factory labor. More people meant more diversity - many thousands of immigrants passing through Ellis Island were passing into, you guessed it, New Jersey!

What more can be said about a state that has given us so many great things? The Jersey Shore, the best tomatoes in the country, casino mecca Atlantic City, Bruce Springsteen, Bon Jovi, the legend of the Jersey Devil, The Jersey Devils hockey team and, well, we can forget about the turnpike for now...

I guess the only thing left to be said is - "What exit are you?"
